Expert washroom care

Calabash Mint offer a complete range of high quality sanitary and hygiene products. These are installed, maintained and serviced by our friendly, experienced and professional staff.

We are committed to providing washroom products and services tailored specifically to the needs of your staff, clients and visitors.

→ Calabash Mint

Leading the way with climate-friendly waste-to-value solutions

Working with us will help you achieve your environmental goals and reduce your carbon footprint.

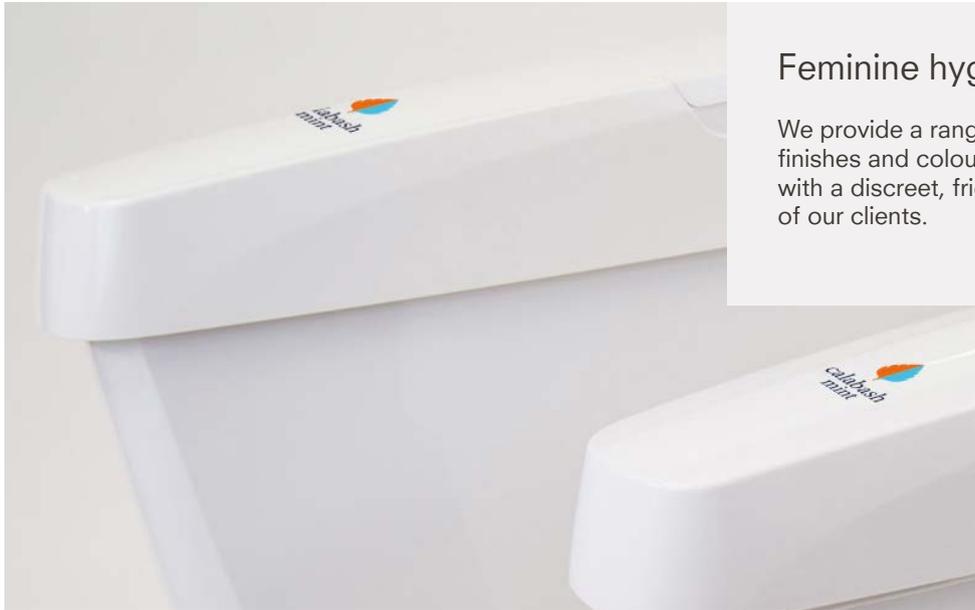

Non-aerosol air fresheners

- We're now recommending that our clients make the switch to non-aerosol air fresheners.
- Free from propellants, solvents, and CFCs (Chlorofluorocarbons), these products are both safe to use and easy to recycle.
- With low levels of Volatile Organic Compounds (VOCs), they are a perfect fit for green building initiatives and help meet LEED certification sustainability goals.

Sustainable waste management

- Offensive waste, also referred to as non-infectious waste, can be a complex waste stream to manage.
- Our network of partner waste treatment facilities ensures that 100% of clinical and offensive waste is diverted from landfills.
- We handle the collection of offensive waste from clients, then deliver it to our partner waste treatment facilities. There, it's processed and compacted by as much as 80%, before being converted to RDS waste and sent to energy-from-waste (EfW) facilities.

Feminine hygiene

We provide a range of sanitary bins in high quality finishes and colours (including a "no-touch" system) with a discreet, friendly service to suit the needs of our clients.

THE ENVIRONMENTAL PROTECTION ACT 1990 SET OUT 'DUTY OF CARE' TO ENSURE THAT SOILED DRESSINGS ARE DISPOSED OF CORRECTLY.

FROM 1996 ALL COMMERCIAL WASHROOMS (OR WCS USED BY WOMEN) MUST HAVE SUITABLE MEANS FOR THE DISPOSAL OF SANITARY DRESSINGS.

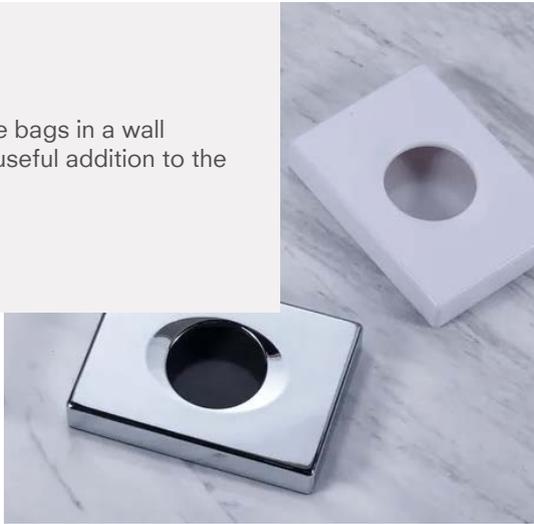

Sanitary units

- Modern compact designs in white or designer range
- Pedal operated units deliver the highest standards of hygiene
- Capacity from 15 - 20 litres to fit all sizes of cubicle
- Logo placement facility
- Sanitary bins are installed and serviced by Calabash Mint staff

Modesty bags

Our washroom hygiene bags in a wall mounted holder are a useful addition to the sanitary bin service.

Modesty Bags

- Minimizes odour from sanitary waste
- Available in white and silver
- Refill holds 25 small white bags
- Dimensions: 14 cm x 9.7cm
- Regular refilling service

Washroom seat sanitisers

Our washroom seat sanitiser in chrome or white is effective against harmful bacteria commonly found on and around toilet seat fixtures and surfaces.

Washroom Seat Sanitisers

- Reduces the risk of cross-contamination
- Pleasantly perfumed solution
- Quick drying, allowing the user to sanitise the seat before use

Air fresheners

Automatic and environmentally friendly air fresheners produce fresh aromas timed to suit individual needs. With a choice of designs and fragrances they are installed, serviced and maintained by our staff.

MASK ODOURS AT SOURCE.

RANGE OF FRAGRANCES TO
SUIT ALL ENVIRONMENTS.

Oxy-Gen Viva!e non-aerosol air freshener

- Eco-friendly system
- Consistent and continuous fragrancing
- Eliminating bad odours
- Top quality fragrances
- Programmable for 60 days
- Available in black, white and silver
- Carbon footprint approved product. Every refill is 100% recyclable.
- Low VOCs mean it is ideal for green building and LEED certification requirements.

Oxy-Gen Pro non-aerosol air freshener

- Oxy-Gen Powered® is the only technology that guarantees the delivery of fragrance into the air continuously, consistently and accurately for the entire duration of the cartridge life.
- Safe and eco-friendly.
- With no added solvents or alcohols
- Service frequency: 30, 60 & 90 days

Oxy-Gen Supreme non-aerosol air freshener

- Oxygen-Supreme's stylish design is perfect for every facility and will elevate the image of your washrooms, offices, reception areas, conference rooms and more.
- Unlike aerosols, it does not contain any CFCs, has no added VOCs or propellants, no spray and fade effect and no noise.
- A fresh, constant level of fragrance is released continuously, consistently and discreetly.
- Service frequency: 30, 60 & 90 days

Smart Air Eco Gel non-aerosol air freshener

- The gel fragrance is diffused with fan technology
- Alcohol-free and aerosol-free
- More openings for a better airflow
- Choice of natural, extract based, refined fragrances
- Available in white and black & chrome

Airoma MVP Dispenser

- Single fragrance system
- Fully programmable
- Visible countdown time
- Monthly replenishment of units
- Available in white, white & silver and black & silver

Airsteril air purification units

Eliminating unpleasant washroom odours and control harmful bacteria and viruses both in the air and on all exposed surfaces 24 hours a day, 365 days of the year.

Airsteril WT (Washroom Thermal) range

- Reduces harmful viruses
- Circulates fresh clean air
- Breaks down unwanted bacteria
- Attacks odours at their source making washroom smell fresh
- Removes unhealthy microbes from the air
- Maintains sanitized surfaces
- Stops mould and fungi growth
- Clears smelly compounds in the air 24/7

The WT range uses thermal convection to draw contaminated air into the unit where harmful micro-organisms are eliminated. It eliminates unpleasant washroom odours and controls harmful bacteria and viruses both in the air and on all exposed surfaces.

Model options for low/medium footfall washrooms:

- WT10 – 10m²
- WT20 – 20m²
- WT30 – 30m²

Airsteril WC (Washroom Complete) range

- Reduces harmful viruses
- Circulates fresh clean air
- Breaks down unwanted bacteria
- Attacks odours at their source making washroom smell fresh
- Removes unhealthy microbes from the air
- Maintains sanitized surfaces
- Stops mould and fungi growth
- Clears smelly compounds in the air 24/7

The WC range is fan assisted and designed for heavy use washrooms where there are 5000 or more visits a day. With no filters to change and minimal maintenance, these low energy units provide constant clean, fresh sanitised washroom air and improved washroom hygiene.

Model options for high footfall washroom up to 1,000 visits a day:

WC20 – 20m2
WC30 – 30m2
WC30X – 40m2

Airsteril AS (Air Silent) range

- Control bacteria and viruses in the air and on all exposed surfaces
- Improve infection control and hygiene standards
- Clear embarrassing odours, eliminate masking agents
- Improve the environment and protect residents, staff, patients and visitors alike

The Air Silent range is a completely silent unit which uses unique thermal UV to eliminate unpleasant odours and control harmful bacteria and viruses both in the air and on all exposed surfaces 24 hours a day, 365 days a year.

Perfect for residential care homes, hospital bedrooms, GP waiting or consulting rooms.

Model options for medium odour levels & infection control:

AS20 – 20m2

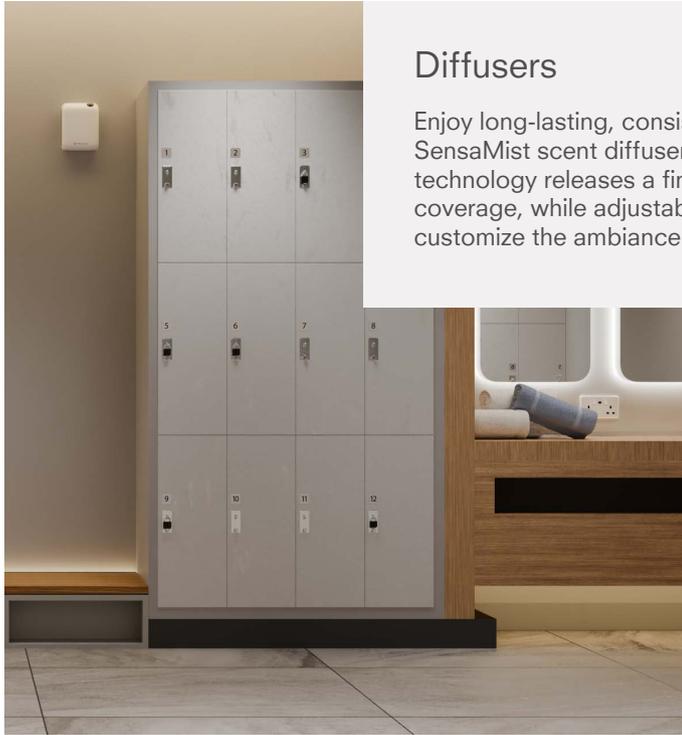

Airsteril MF (Multiflex) range

- Reduces harmful viruses
- Circulates fresh clean air
- Breaks down unwanted bacteria
- Removes unhealthy microbes from the air
- Maintains sanitized surfaces
- Stops mould and fungi growth
- Clears smelly compounds in the air 24/7
- Dimensions: 430 x 130 x 100mm

The MF range is fan assisted and recommended to use for odour & infection control in areas of continuous occupation e.g. changing rooms, gymnasiums, offices, kitchens and food preparation areas, lounges, corridors, receptions, waiting rooms, offices or nurseries.

Model options for low/medium footfall

MF20 – 20m2
MF40 – 40m2
MF60 – 60m2
MF80 – 80m2

Diffusers

Enjoy long-lasting, consistent fragrance with our SensaMist scent diffusers. Advanced atomizer technology releases a fine, cold mist for even coverage, while adjustable controls let you customize the ambiance for any space.

- Delivers the optimum amount of soap, minimising waste & saving money.
- Colour options: white, white & chrome, black & chrome
- Monthly replenishment service

Automatic hand sanitisers

- Touch-free dispense system
- Durable & robust. One pump can endure thousands of operations.
- Delivers the optimum amount of soap, minimising waste & saving money.
- Colour options: white, white & chrome, black & chrome
- Monthly replenishment service

Sanitisers

Automatic sanitisers minimise scaling by reducing uric salt and limescale build-up.

BUILD UP OF ORGANIC DEPOSITS IN WC'S AND URINALS LEAD TO MALODOURS AND BLOCKAGES.

AUTO SANITISING MINIMISES BACTERIAL GROWTH GIVING 24-HOUR HYGIENE PROTECTION.

Automatic Sanitisers

- Fully programmable
- Helps prevent limescale build up
- Reduces risk of odours
- 24-hour hygiene protection
- Available in white and black/chrome

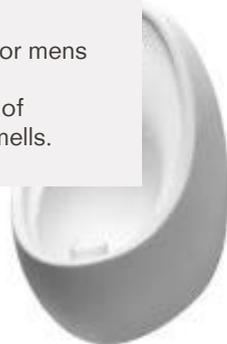

Sani sleeve

Calabash Sani-Sleeve system for mens urinals provides effective and environmentally friendly means of dealing with the problems of smells.

Sani sleeve urinal hygiene

- Prevents odours, keeping urinals looking good and smelling fresh
- Minimises blockages
- Improves hygiene
- Eliminates the need for using cleaning chemicals

Urinal deodorisers

Calabash Mint urinal screen sits in the urinal and ensures optimal drain flow. Furthermore, it is scented with variety of fragrances and 100% recyclable.

Calabash Mint urinal screen

- Specifically designed for urinals
- Eliminates odours
- Prevents splashes
- Keeps urinals smelling fresh
- Each mat freshens urinals for 30 days
- Up to 40 times more fragrancng than other urinal deodorisers
- Unique anti-blockage “fingers” stop debris from entering drains
- Less mess than urinal blocks

Calabash Mint P-Screen Bubble

- Each screen freshens urinals for 30 days
- Enzyme block prevents uric salt build-up in the pipes that causes blockages and contributes to extended fragrance release
- The flexible EVA material and intricate lattice design offer durability, fitting securely in various urinal shapes
- Compound bubble and bristle design is engineered to minimize splash-back and floor contamination

Bowl clips

Engineered to effortlessly clip over the exterior of your toilet rim (underneath the seat). Our bowl clip comes packed with scent yet is low in VOCs, ensuring compliance with European standards.

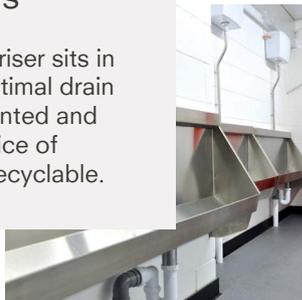

Calabash Mint bowl clip

- Eliminates odours
- Bursting with long-lasting fragrance up to 30 days and covers up to 12m²
- 40 times more fragrance than a conventional toilet rim stick
- Strategically designed to fit the outside of the toilet rim, underneath the seat
- No batteries, aerosols, propellants or solvents – just fragrance
- Fragrances: Mango (Orange), Ocean Mist (Light blue), Spiced Apple (Red), Honeysuckle (Clear) and Cotton Blossom (Blue)

Trough deodorisers

The P-Wave trough deodoriser sits in the trough and ensures optimal drain flow. Furthermore, it is scented and therefore deodorises (choice of fragrances) and is 100% recyclable.

P-Wave trough deodoriser

- Specifically designed for troughs
- Eliminates odours
- Prevents splashes
- Keeps troughs smelling fresh
- Each mat freshens urinals for 30 days
- Up to 40 times more fragrant than other urinal deodorisers
- Unique anti-blockage "fingers" stop debris from entering drains
- Less mess than urinal blocks

→ Hand dryers

Hand dryers

Our range of automatic hand dryers suit all washrooms and comes with full installation and maintenance service. All our dryers are robust, stylish and reliable, incorporating the latest drying technologies.

QUICK DRYING TIME.
AVAILABLE IN A VARIETY OF FINISHES.
MORE COST-EFFECTIVE THAN PAPER.

F4 Eco Plug & Play Hand Dryer

- Available in white, satin and black
- Dimensions – 256 x 174.5 x 110mm

Pebble Plus Plug & Play Hand Dryer

The Pebble+ advanced hygienic protocol removes 99.9% of bacteria and viruses. TUV accredited, the Pebble+ Plug & Play incorporates intelligent H13 media filtration, UV-C light disinfection, and ION particle generation. All encased within a germ and bacteria-resistant antimicrobial cover, giving the user total protection and total peace of mind.

- Plug & Play
- Digital Brushless Motor
- IONPURE Antimicrobial Dryer Cover
- Low Carbon Engine
- Quiet Mode
- H13 Media iFilter
- Stainless Steel
- TerraSafe
- High Gloss UV Anti-Scratch Coating
- Available in white, silver and black
- Dimensions – 322 x 270 x 145mm

Pebble Mini Plug & Play Hand Dryer

Our entry level Plug & Play® hand dryer is compatible with our Terra4 Docking Station®, giving outstanding value at a great price. Incorporating our low carbon engine and an impressive IK10 impact rating, all wrapped up in a sleek and modern compact design.

- Compact
- Low Carbon Engine
- Plug & Play®
- Terra 4 Docking Station® compatible
- IONPURE Antimicrobial Dryer Cover
- IK Rating: IK10
- High Gloss UV Anti-Scratch Coating
- TerraSafe Switchable Heat
- Dimensions – 134 x 230 x 264mm

Fast Dryer

This automatic dryer is one of the fastest dryers and eco friendly in the market place. Available in 3 models – polished stainless steel, satin finish stainless steel and white enamel finishes.

- 10-12 seconds drying time
- Blue LED for hand drying range
- Powerful operation
- Stainless Steel
- Robust
- Available in polished stainless steel, satin and white enamel
- Dimensions – 277 x 201 x 175mm

Compact Fast Dryer

The compact fast dryer with intelligent eco-heating as standard.

- 10 – 12 seconds drying time
- Automatic operation
- 1 year warranty
- Quality stainless steel construction
- Low noise
- Internal UV protection
- Available in stainless satin, polished and ceramic white
- Dimensions – 260 x 180 x 152mm

Jet Dryer

This automatic double sided high speed, low low energy hand dryer has been designed for use in many installations where speed and comfort of drying is of paramount importance.

- 10 seconds drying time
- Unique blue dry zone indicator
- Powerful operation
- Fitted with Anti-bacterial dust filter
- Low energy usage
- 2 speed & 2 heat settings
- LED Indicator
- Dimensions – 700 x 300 x 225mm

Jet Dryer Junior

Perfect for venues that see light-to-medium washroom footfall. Air passes through 2 protective barriers removing bacteria and particles, meaning clean air is blown over the hands. A pre-layer filter protects a high-grade HEPA filter which is regularly cleaned by sterilising UV lights, killing germs collected.

- 10 to 12 seconds drying time
- Powerful Operation
- Low energy usage
- 2 speeds
- LED Indicator
- Dimensions 671 x 195 x 279mm
